# Meridian Waste Solutions Closes Public Offering

**ATLANTA, GA (Accesswire) – June 30, 2017:** Meridian Waste Solutions, Inc. (NASDAQ: [MRDN](#)) (“Meridian Waste” or the “Company”), a vertically integrated, non-hazardous solid waste services company, today announced the closing of its previously announced underwritten public offering of 2,000,000 shares of common stock and warrants to purchase 575,000 shares of common stock, including 75,000 warrants sold pursuant to the partial exercise of the underwriters' over-allotment option.

The aggregate gross proceeds to Meridian Waste from the public offering were \$3,500,000 prior to deducting underwriting discounts, commissions and other estimated offering expenses.

Meridian Waste intends to use the net proceeds from the public offering for repayment of debt and working capital, and for other general corporate purposes.

“Meridian is a growth company focused on building our current markets with new contracts, increased volume into our landfills and acquiring tuck in operations. The company's ability to grow is anchored by its lending capacity with our current lender and the use of our stock as currency,” said Jeff Cosman, Meridian Waste’s Chairman and Chief Executive Officer. “The use of these proceeds will pay down some of our working capital line allowing the company to have access to additional capacity to focus on tuck in operations and capital for truck and equipment for our existing landfill assets. This capital is one of the next steps to achieve our growth goals for 2017.”

Roth Capital Partners, LLC and Joseph Gunnar & Co., LLC acted as joint book-running managers for the offering.

The shares and warrants are being offered by Meridian Waste Solutions, Inc. pursuant to a registration statement previously filed with and subsequently declared effective by the Securities and Exchange Commission.
